

WEST NYACK SWIM CLUB  
MEMBER RESIGNATION

To: The Board of Directors, West Nyack Swim Club

I/We tender our resignation from the West Nyack Swim Club. Please forward any refund of our membership share to the address listed below. Any amounts which are unpaid on our account will be deducted from the refund. If this request is received after the due date for annual maintenance payments, and before the opening of the Club season, the refund will be subject to a \$100 late fee penalty. There is no proration of fees paid for resignations received after the start of the Club operating season. If the membership is held jointly, as most family memberships are, a resignation must contain the signatures of both members.

Life members forfeit their membership share upon conversion to Life status, therefore there is no refund due them. Notification of resignation from a Life member is appreciated to permit reassignment of their position. Associate Members receive the amount tendered at the time of their joining the Club, which is 50% of the then current membership share.

The membership share is the amount deposited by the joining member upon initial acceptance into the Club and is held at no interest. The amount is refundable, at the discretion of the Board of Directors, upon replacement of the resigning member by a new member. This process normally takes two to three weeks.

Please send our membership share refund to:
