Request for Temporary Suspension of Membership (Sabbatical)

The Club provides members an opportunity to suspend their membership in the event that they will be unable to use the Club for a full season. Below is a statement of the Club policy regarding this privilege.

MEMBERSHIP SABBATICAL

Members may request, as a result of travel plans, temporary relocations or other family requirements, a suspension of their membership privileges for a period of one year. Upon approval by the Board, the member will forfeit all membership privileges for a full operating season, but will be entitled to regain full membership for the following season upon notification and payment of fees, without regard to any waiting list then in effect. One or more extensions may be granted upon request. The burden is on the member to keep the club informed of his status. Requests for sabbatical status, and return to active membership should be made by April 1 of each year. The member's number may be reassigned. Failure to notify the club of status and current address, or failure to respond to notices for a period of one year will be presumptive evidence of resignation. For each year of such status, a fee of \$50 will be charged and should be included with an application for a sabbatical or for an extension of sabbatical status.

We hereby request sabbatical status for the Club year _____. Enclosed is our check for \$50.00. We understand that we must keep the Club apprised of any change in our address or phone number, and must initiate a request for reinstatement or continuation of Sabbatical status prior to April 1 of each year.
